Power Management

Main Distribution Board (MDB)

We produce and sell high quality electrical cabinets in various purposes of uses and sizes, coverth...

Q-Power Engineering Co., Ltd. is the best electrical cabinet manufacturer. We produce Electrical Equipment cabinet, Switchboard cabinet, Control Cabinet, High-Voltage Control cabinet for industries, Infrastructure and Building use. Our high technology machines team up with our high profile experts in engineering system; we are fit to generate the best quality products with international standard within reasonable cost.

For Q-Power Engineering Co., Ltd., our customer's satisfaction is our pride, which motivates us to invent the best quality, easy to operate and most importantly, safe inventions. On top of that, we aim to increase the value of our customers' products and noticeable development of our customers' business.

## Product & Engineering Solutions

<b>POWER</b>	<b>AUTOMATION</b>	<b>PRODUCT</b>	<b>SWITCH BOARD</b>
HV AND TRANSFORMER	PLC	SIEMENS	MDB PANEL
INSTALL MDB, MCC	HMI		MEDIUM VOLT PANEL
RACE WAY	SCADA		CONTROL PANEL
LIGHTING SYSTEM	ENERGY MANAGEMENT		
LIGHTING & GROUNDING	VSD & SOFT START		
FIRE ALARM			

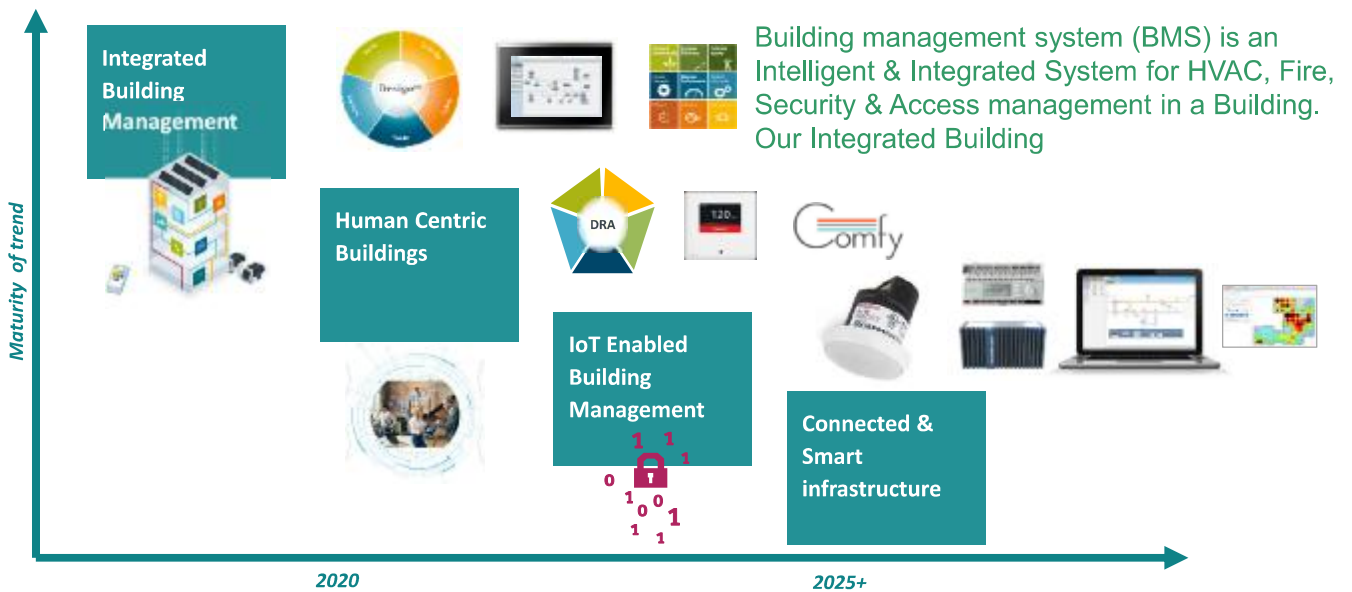

Buildings are changing

Siemens Building Products enable the change

**SIEMENS**

*Ingenuity for Life*

Automation Solutions are designed to simplify the management and protection of industrial, commercial and residential buildings. Our solutions answer to raising emphasis to produce green facilities. Your buildings can not only achieve certification, but also perform at high levels with operational cost savings to property owners and managers. We implement solutions for existing buildings, as well as, newly developments.
